# DUCT TAPE

The Aztec Master Tape Duct Tape is a high quality bonded tape, designed to meet the required standards that Australian tradies demand.

The highly adhesive backing enables fastening of most surfaces and shapes. The tape is extremely strong and has a good stretchability. The tape tears easily by hand so there is no need for scissors.

The tape comes in both grey and black.  
Width is 48mm and length is 30mt. The tape is UV protective and lead free.

Product Code	Product Description
AZTDUC50B	Duct Tape Black 50mm x 30mt
AZTDUC50G	Duct Tape Grey 50mm x 30mt

# TEFLON TAPE

Teflon Tape is used to reduce the risk of leaks when connecting metal pipes along plumbing lines where water or gas is being used. Wrapping the male threads with a **Master Tape Teflon Tape** creates a smoother surface, thus allowing it to reach further into the second pipe's female threads.

For extra reassurance, liquid sealant can also be added to the tape's surface before connecting the two pipes. The material of our **Aztec Master Tape** range of Teflon Tape is "PolyTetraFluroEthylene" or "PTFE".

The **Aztec Master Tape Teflon** range includes white, pink, gas yellow and grey. We offer 10mt and 30mt. Our pink, grey and gas yellow Teflon Tapes are very high density and gas approved to AS4623-2008 - which covers up to Class 111.

They are also Watermark certified which includes the AS4020 drinking water standard. All our tapes come as 12mm width.

Product Code	Product Description
AZT12W10	Master Tape Teflon Tape White 12mm x 10mt
AZT12W30	Master Tape Teflon Tape White 12mm x 30mt
AZT12P10	Master Tape Teflon Tape Pink 12mm x 10mt
AZT12P30	Master Tape Teflon Tape Pink 12mm x 30mt
AZT12GY10	Master Tape Teflon Tape Gas Yellow 12mm x 10mt
AZT12GR10	Master Tape Teflon Tape Grey 12mm x 10mt
